## Municipal Securities Market COVID-19-Related Disclosure Summary

*Last Updated: April 2, 2020*

The Municipal Securities Rulemaking Board (MSRB) is publishing this weekly summary of primary market disclosures and continuing disclosures submitted to its free [Electronic Municipal Market Access \(EMMA®\)](#) system to assist market participants, policymakers and the general public with identifying disclosures made by issuers of municipal securities that reference the novel Coronavirus Disease (COVID-19).

### Methodology and Definitions

The summary data reflect primary market and continuing disclosures that reference COVID-19, as of the end of each calendar week, that have been submitted to MSRB's EMMA system. MSRB Rule G-32 (Disclosures in Connection with Primary Offerings) requires an underwriter of a primary offering of municipal securities to submit an official statement (OS) to the MSRB via the EMMA system within one business day after receipt of the OS from the issuer (or its designee), but no later than the closing date of the offering. The Securities and Exchange Commission's Rule 15c2-12 of the Securities Exchange Act of 1934 requires an underwriter in a primary offering of municipal securities (subject to certain exemptions set forth in Rule 15c2-12) to reasonably determine that a municipal issuer has undertaken in a written agreement or contract for the benefit of holders of the municipal securities, to provide certain enumerated annual and event-based disclosures to the EMMA system. The written agreement or contract is generally referred to as a continuing disclosure agreement (CDA), which sets forth the due date for submitting the required annual disclosures. Event-based disclosures must be submitted within 10 business days of the occurrence of the event. Additional disclosures may be submitted to the EMMA system on a voluntary basis.

*Part I: Summary of COVID-19-Related Disclosures* includes the total number of known primary market and continuing disclosures that reference COVID-19 as of March 30, 2020. *Part II: COVID-19-Related Disclosure Submissions* provides a list of the primary market and continuing disclosure submissions identified in Part I along with a hyperlink to the disclosure submission on the public EMMA website.
